

Footpath Number	Location and Description of Reported Problem/Resolved Problem/ Items of Interest	Ref. No.
	All the footpaths in the Parish have been checked. Some longstanding issues remain unresolved.	
Parish Paths Partnership Scheme (P3)	Shirley Anglin (PRoW Officer for Essex County Council) notified the Parish Council that we can enter a Service Level Agreement in the summer 2022. The application was submitted December 2021. No further communication received on this at the moment.	
FP1	Off Bombose Lane around Bombose Farm The fingerpost remains obscured from sight by dense hedging. The kissing gate at the edge of the road can get overrun by brambles and nettles. This has been cut back.	2777380 15/05/2022
FP7	From Beautiful You in a northerly direction to the passive crossing at Kings Farm Lamarsh The narrow corridor which runs alongside the Secretaries property will need strimming soon.	
FP8	From Colne Road opposite White Dragon Archery in a northerly direction to Ferriers Cottage The section approaching the brook and the footbridge has been strimmed back.	
FP13	Footpath off Fishpits Lane opposite Polstead Farm leading along Lamarsh Park There is no fingerpost at this point or any indication that this is a PRoW. Still awaiting the site to be assessed during future scheduled inspections. A report with a photo has been made again to ensure that this longstanding issue receives attention.	2777141 15/05/2022
FP14/BWY15	Footpath from Ravensfield Farm to Polstead Farm Damaged old-style concrete fingerpost. Byway from Ravensfield Farm to Hornes Green Both PRoWs originate from the same point. The Byway has no finger post. These reports have been removed from the Interactive website and are now logged as items to be assessed during future scheduled inspections. Status on the 'Track it' option is blank. A report with photos has been submitted again to ensure that this longstanding issue gets resolved.	2777143 2777139 15/05/2022

Bures Hamlet PROW report (May 2022) Jan Aries

Footpath Number	Location and Description of Reported Problem/Resolved Problem/ Items of Interest	Ref. No:
FP21	From Master Farm along the field margin to the Cambridge Brook The entrance to the footpath, where the dog waste bin is positioned, has been cut back but will probably need another strim later in the summer to enable access to the bin.	
FP23	From Hobb's Well, south-west to Craig's Lane along a field margin The short fenced-in corridor alongside the property Hobb's Well has been strimmed.	
BWY25	From Colne Road opposite Pricketts Hall Farm to Balls Road The surface issues have not been resolved and the report remains open. The byway has not flooded within recent months due to a prolonged dry period.	3388148
FP30	From Colne Road next to Parsonage Grove crossing the railway to The Paddocks. Network Rail Public Inquiry for Level Crossings Reduction in Essex has decided to retain this crossing point.	
FYI	Quiet Lanes Suffolk. As far as the QLS Admin Team understand, all Wave 3 lanes (St Edmunds Lane, Hollow Lane, Arger Fen) have passed through the consultation process without any significant objections. Suffolk Highways are in the process of finalising their report to the SCC cabinet member for Transport who will sign the legal designation notices on behalf of SCC. A further update for Wave 3 parishes will be provided once the QLS Admin.Team have received confirmation that the designation notices have been signed. It is likely this will coincide with a public announcement in the EADT. Wave 4 Lanes (Smallbridge Entry, Mill Hill)have yet to go out for formal public consultation.	
Mount Bures B1508 junction	An order has been placed with Atlas Signs, Wormingford for a sign to erect on the fingerpost by Brook House Cottage to indicate that there is a traffic-free route into Bures St Mary and to the school.
