ByW25 med	N32/C.			
FP27 short	N32/WB.			
FP28 short	32/WB.			
FP29 short	S32/WB.			
FP30 short-med	S34/ED. (side of Tenter Fld)	So narrow to walk down these days. I wonder how the builders were allowed to take up so much of the FP when fencing the new gardens at Tenter Fld. It is so clearly 'stepped out' from the top, encroaching the width of the FP.		
FP31 med-long	S33/WE. (Plantation/Craig's Lane)			
FP33 short-med	33/E. (Left of Hall Rd to Mnt Bures crossing)
